

THANK YOU!

To everyone involved in Wowzzzee this project wouldn't have been a success without your help, support and good vibes!!! It was amazing to meet all of you and work so intensely on this project.

Thank you to the businesses that helped us out:

Betta Boxes,
The Freo Mens Shed,
Hakkie sewing machine repair service,
Melville Senior High,
Edith Cowan University,
North Metro Tafe,
Artsource
Ape productions.

Also to the incredible and adaptable production, lighting and festival crew that came up with all kinds of solutions for us.

To Teori, Simon and Jake who jumped in to fill any gaps. By the end of the festival your job descriptions morphed from door person, security and shop assistant into photographer, lighting technician, pattern cutter and sewing assistant! Thank you!

To our incredibly experienced makers and fashion students who led a team of volunteers and the general public in a sewing extravaganza. Terri-Anne, Steph, Isabella, Angela, Nat, Rebecca, Caroline you rock! To our volunteers who kept coming back to help cut, sequin, sew! Thank you!!!! Also but thanks to our factory boss Danielle for keeping us on time and leading OHS dance breaks.

To the sewing community and Facebook groups that shared our posts and helped connect us with people to attend the event and lend us sewing machines. We don't even know how we reach out to thank you but you all made a difference.

One day we hope the WOWzzzees of Perth will be reunited to reminisce about the incredible experience we shared.

Keep wowing people in your incredible creations!

From Adele, Sarah & 10 nights in Port
